GP Registrar – Obstetrics & Gynaecology

POSITION DESCRIPTION

Position Title:	GP Registrar – Obstetrics and Gynaecology
Enterprise Agreement:	Doctors in Training (Victorian Public Health Sector) (AMA Victoria/ASMOF) (Single interest Employers) Enterprise Agreement
Classification:	Dependant on qualifications
Division:	Medical Services
Department/Unit:	Obstetrics and Gynaecology
Reports to:	Clinical Lead
Direct Reports:	N/A
Immunisation Category:	Category A

POSITION SUMMARY

The Obstetrics and Gynaecology GP Registrar has the ability to work effectively as part of a multi-disciplinary team; applies theoretical knowledge and experience in determining the appropriate clinical diagnosis, investigations and treatment of patients; and assists with supervision and teaching of residents in the Obstetrics and Gynaecology department.

The clinical role can be tailored to suit the requirements of the particular applicant.

ABOUT THE ROLE

The key accountabilities of the Obstetrics and Gynaecology GP Registrar include, but are not limited to:

Operational/Clinical

The Registrar is accountable to the Clinical Lead of Obstetrics and Gynaecology for the care of all the patients in the unit. This role includes the following responsibilities:

- Provision of day-to-day medical care for patients at a level commensurate with the level of clinical experience and under the supervision and direction of more senior medical staff.
- Attend gynaecological clinics as rostered

- Ensure coordination of care for patients in the O&G unit by working within and supporting the multidisciplinary clinical team.
- Ensure timely and clear clinical communication including clinical handover with regards to obstetric and gynaecological patients
- Ensure timely escalation of care related issues to the consultant when required.
- Participate in the supervision and education of junior medical staff and contribute to the education of medical students.
- Participate in the afterhours roster as required and in accordance with current safe working hours provision.
- Assist in the coordination of the Obstetrics and Gynaecology Department as directed by the Clinical Lead.

Quality and Safety

- Contribute to clinical audit and participate in changes that improve quality and safety of patients.
- Participate in clinical research where appropriate.
- Observe safe working practices and protect self and others' health and safety.

Self-Management

- Continue to undergo training and education in clinical practice and to attend scheduled teaching sessions.
- Seek regular feedback on progress with the Training Supervisor and other members of the team formally and informally as needed.

Professional Commitments

- Commitment to uphold the vision, values and strategic pillars of LRH, integrating it into daily practice
- Commitment to all LRH policies and procedures, as implemented, varied or replaced from time to time
- Commitment to all relevant legislative requirements and national standards
- Commitment to Occupational Health and Safety regulations and requirements
- Safety is everyone's responsibility, so individuals at LRH are responsible for taking reasonable steps to ensure their own and others safety.
- Everyone at LRH has a role to play in developing a positive risk culture. You are encouraged to identify opportunities for improvement and assist LRH to achieve its risk objectives within the scope of your role.
- Contribute and adhere to the requirements of the National Safety and Quality Health Service Standards (NSQHS)
- Maintain required immunisations and vaccinations in line with LRH requirements

- Complete all LRH mandatory professional development and training requirements, including annual performance appraisal
- Observe and actively encourage continuous improvement initiatives, cultural awareness, diversity and inclusiveness
- Support the delivery of high quality and safe patient care
- Undertake other duties required as directed by your supervisor or management, provided these are within your competency or training

ABOUT YOU

Behaviours\Personal Attributes

- Integrity
- Communication
- Team work & collaboration
- Excellent interpersonal skills
- Adaptable and receptive to new ideas, and responds and adjusts easily to changing work demands and circumstances
- Adaptability
- Compassion & Empathy
- Respect
- Self-directed and enthusiastic and sets high standards of performance for self and others

KEY SELECTION CRITERIA

Qualifications\Registrations

Essential:

- Bachelor of Medicine/Bachelor of Surgery (MBBS) or equivalent.
- Eligible for registration with the Australian Health Practitioner Regulation Agency.
- Victorian Rural Generalist Program registrars on, or awaiting acceptance into a recognised Rural Generalist training program such as:
 - Remote Vocational Training Scheme (RVTS)
 - Australian College of Rural and Remote Medicine (ACRRM) on any of the following pathways: Australian General Practice Training, Rural Generalist Training Scheme or Independent
 - Felloved GPs obtaining advanced skills to sub specialise as a Rural Generalist

Experience\Knowledge

Essential:

- Clinical competence at a level commensurate with the number of years since graduation of medicine.
- Demonstrated ability to pursue both formal and self-directed learning in clinical practice, and some evidence of developing ability to teach more junior doctors and medical students.
- Demonstrated interest in Obstetrics & Gynaecology
- Ability to participate in the after-hours roster

LRH will assess applications for this role against the qualifications, experience and attributes outlined above.
